

# JACKET LINK/BRIDGE PROGRAM

## BEE-LINE:

### Mentoring for JLB Families

Bee-Line Mentors are full time faculty, adjunct instructors, and members of the Baldwin Wallace University staff who have committed to offer support directed to the parents/family members of the Jacket-Link/BRIDGE (JLB) participants.

- Bee-Line Mentors will help parents/families:
  - learn more about the college experience for first-year students
  - support their college-aged children, and
  - acquaint themselves with the resources, activities, and events for Baldwin Wallace University students

## BEE-LINE

Bee-Line Mentors are matched carefully with parents/families and are expected to communicate one-on-one during the academic year to assist with lending support and encouragement and to help in educating parents/families about the rigors of college.
